

Welcome to Clyde

CLYDE IS THE PERFECT PLACE TO STOP AND ENJOY

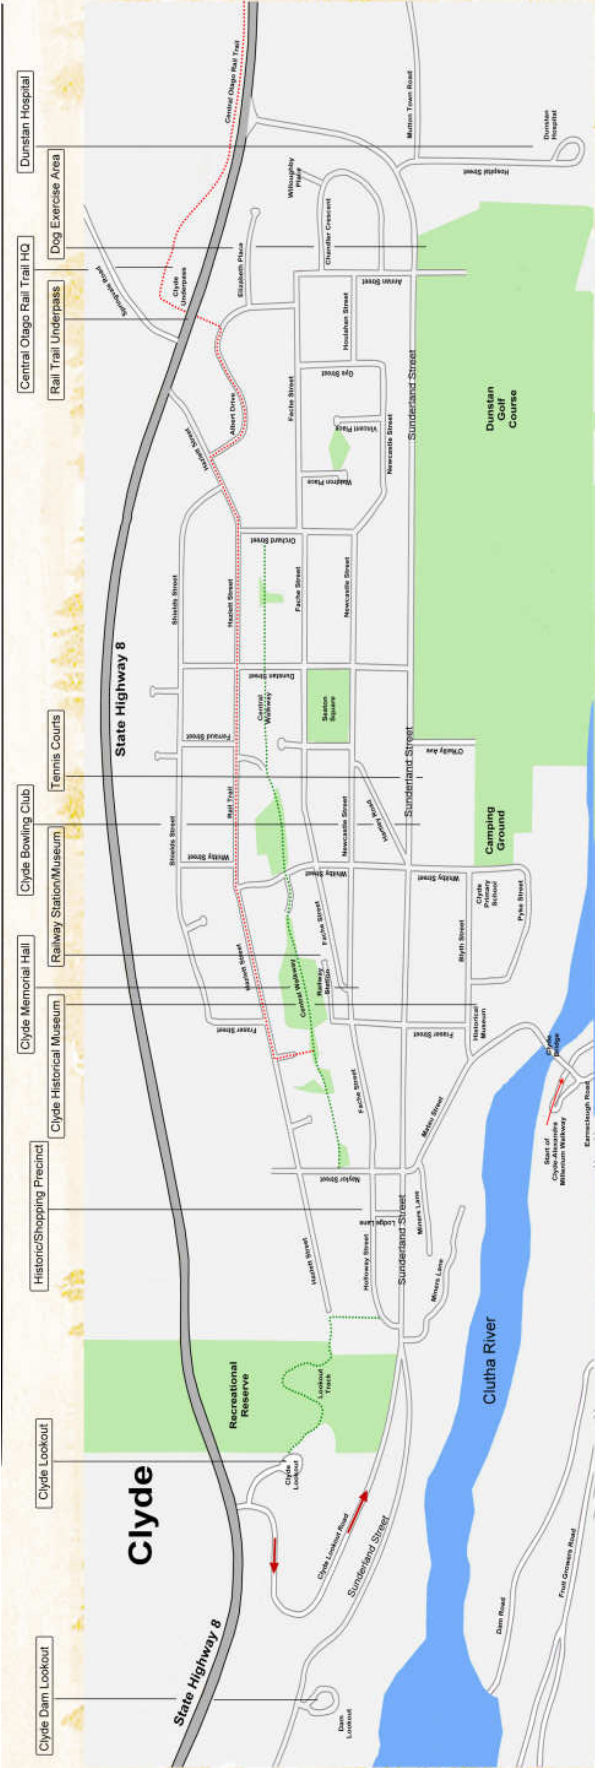

The historic gold-mining town of Clyde was settled in 1862 when gold was discovered in the Cromwell Gorge. The town lies just below the Clyde hydro-electric dam and Lake Dunstan and is a short distance from Alexandra, the commercial hub of Central Otago.

The town's museums and parks are popular tourist attractions, as are the shopping precinct and strolls around the historic township.

The region displays the extremes of each season. In spring the landscape is transformed with blossom and the weather is perfect for walking and cycling and a brown barometer. Autumn is a kaleidoscope of colours followed by sub-zero temperatures and the harsh, unforgiving frosts of winter.

- Enjoy the self-guided walks around the township.
- Walk the stunning Clutha riverbanks from Clyde to Alexandra.
- Bike or walk the popular Central Otago Rail Trail on your doorstep.
- Play golf, tennis or bowls. Clyde's great facilities are on your doorstep.
- Investigate the area's rich historical heritage.
- Explore the rapidly developing shopping precinct.
- Visit our excellent cafes and restaurants.
- Visit some of the world's southern-most vineyards.
- Fish the nearby lakes and rivers.
- Take a 4WD trip into the high country with its stunning scenery and wild flowers.
- Kayak or take a boat ride on the magnificent Clutha River.
